

# Hamilton's Landmark Buildings OPEN Their DOORS to the Public MAY 3 and 4, 2008

**FOR IMMEDIATE RELEASE**

## **Doors Open Hamilton Goes GREEN in 2008**

**Hamilton, ON** – March 17 – Saturday May 3 and Sunday May 4 over 50 landmark buildings of architectural, cultural and / or heritage interest open their doors and invite the public inside as part of the 6<sup>th</sup> annual **Doors Open Hamilton** event.

This year **Doors Open Hamilton** is going green by joining with the Clean Air Partnership and the Ontario Heritage Trust to feature a number of local sites that have made the choice to incorporate green design and build principles into their new buildings or renovation/retrofit of existing buildings.

During **Doors Open Hamilton** explore these buildings that work in harmony with our natural environment:

- Steelcare Plant # 19
- EcoHouse / Green Venture
- West Village Student Residence
- Woodward Environmental Laboratory, City of Hamilton
- Ormond Greens
- Off the Grid House Tour

Mark your calendar and plan to discover new neighbourhoods, explore your city with family and friends (most sites are kid friendly) and experience Hamilton as you never have before.

Complete site list online April 15 at [www.doorsopenhamilton.ca](http://www.doorsopenhamilton.ca) . Printed guidebooks available at Tourism Hamilton April 26.
